Secure Network Architecture
## Basics & Firwall Types

22 mrt

Defensive CyberSec
- Blocking
- Hiding
- Detecting
- monitoring   security and availability

Network Devices
- Laptop
- Cellphone
- Printer
- server
- Game Console
- Fridge ?
- Washing machine ?

Vlans Devided
- Employees
- Admins
- Data server

Network separation and zones/Classification
DMZ: Separate Connection

Stateless Firwalls
     Very First Firewall
     Least Safe
     Not Used anymore

Internet   Firewall   Smart Fridge
